

Barbecue.... an American Tradition.

Folks may agree to disagree about where it all started, but one common bond unites all dedicated barbecue fans. Genuine American Barbecue means cooking meat with the smoke and heat of burning wood, enhancing its taste with a unique smoked flavor that cannot be obtained any other way.

That's why we call ourselves

GUARANTEED FRESHNESS

It's hard to find an item on our menu which hasn't been prepared in its entirety by our own kitchen. We use only the finest and freshest ingredients available. We hope that you are pleased with our quality, freshness and value.

We fully cook our meat on a wood burning BBQ pit. This unique method of cooking creates a golden brown color on the outside, pink and tender on the inside. The flavor will smoke your taste buds.
